

ANNUAL CONFERENCE 2009 – HEALTH

ACTION PLAN – COMMUNITY LEARNING DISABILITY TEAMS

1. SERVICES WITHIN THE COMMUNITY
 - more opportunities in and from the day centres
 - better/more access to services like physiotherapy and speech therapy

2. STAFF THAT UNDERSTAND ABOUT LEARNING DISABILITIES
 - this is particularly important when outside agencies are supporting individuals, providing home care etc.

3. CONTINUITY AND COMMUNICATION
 - accessible information in community libraries
 - information needs to be useful and relevant
 - continuity with closer links between the different professionals, family carers etc.
